

FAQs about Camp Menno Haven Reunion Weekend

What are the logistics?

Starts Friday, June 30, 2017. Check in after 6 PM, Gather at 7:30 PM

Ends Sunday, July 2, 2017 after Breakfast and Gathering time

What is the quickest way to navigate the registration website?

www.mennohaven.com

Register for a program

Create account or login (Must go through this step)

Enrollment box; click on "add new program"

Save/Next (at the bottom of the page, right side)

Homecoming options – all housing options listed, proceed from there

What are we going to do?

Sing, campfire, kettle corn, hike, swim, story telling, updates, meditation

What should I bring?

Your memorabilia!

What if I can't come?

Make a video **twenty seconds** in length on your phone. Introduce yourself and then you have a few more seconds to say whatever you want. Send it to Beth Landis at bethelandi@gmail.com **by June 15, 2017**. We may post to YouTube later so that you can see the greetings from others.

What if I want to know who is going to be there from my friends? Or I want to see somebody?

Contact Beth Landis, with any questions, suggestions, 208-340-8956 or bethelandi@gmail.com

Theme: Rooted for Growth

Thought from Gwen Shank Myers, camp director in the 1990s

Jeremiah 17:8 ~ " He will be a like a tree planted by the water that sends out its roots by the stream. It does not fear when heat comes; its leaves are always green. It has no worries in a year of drought and never fails to bear fruit."

Like people who are rooted in God and draw from the source of Living water, they don't wither when the heat of the world surrounds them, so also Menno Haven is rooted in God's faithfulness and it too draws from the Living water. From this Menno Haven flourishes and produces new life in those it touches. When the heat bears down, Menno Haven relies on its strong roots to continue producing good fruit into the future. As former staff, we are a part of Menno Haven's roots. **Come and see how it has flourished and be a part of celebrating our roots for future growth.**
